

ASHLING HOTEL

DUBLIN

July 2020

Dear Guest,

At the Ashling Hotel we are delighted to be back open and are looking forward to welcoming new and return guests alike. Whilst we have been closed we have researched, re-appraised and re-trained our entire team using the very best practices advised from the HSE, HSA, WHO, ECDC and the Government of Ireland, this includes our entire team completing Fáilte Ireland's Infection Prevention Control for Tourism Businesses course.

We have had to adopt a number of changes which you will notice on entering the Hotel such as social distancing measures, sanitisation stations and our new team of SDO's (social distancing officers) who will be ever present in the lobby, to name but a few. This has been done with your safety, comfort and enjoyment in mind while you, your friends and family are in the Hotel. Rest assured however the fantastic welcome from our team and buffet breakfast that we are famed for are here ready and waiting. Our dedicated kitchen team have also devised a wonderful new menu for you to enjoy.

To see the full list of COVID-19 practices and policies we have implemented please click on the below link.

We ask you, our guests, to be patient with us as we all learn to work and live in what is for now a New Norm but equally please feel free to ask us if there is anything you are unsure about.
Stay Safe and be kind.

Yours sincerely,

Ronan and all the Ashling Hotel team
